Hudson Whitman/ Excelsior College Press, United States, 2011. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The true majority of American students are working-age adults. Approximately 80 of those who need to start or finish a degree are over 25 years old, yet most institutions of higher education treat them as an afterthought. Courageous Learning offers a closer look at the needs of adult learners and provides a clear, comprehensive assessment of the adult higher education landscape. Courageous Learning is an invaluable tool for adults making the connection between learning and life success. It is also a must-have resource for educators who are beginning to recognize our country's future is dependent on the ability to attract and support more courageous learners. I applaud institutions like Excelsior and Western Governors University for being on the cutting edge, and for developing better ways to meet customers where they are. Going back to school is one of the most important, most expensive, and most impactful decisions that many of us ever make. Hopefully, this book will help returning adults make choices that are right for them. - Margaret Spellings, 8th United States Secretary.
