GLUCOCORTICOID RECEPTOR-BASED TRANSREPRESSIVE MECHANISMS

LAP Lambert Acad. Publ. Mrz 2010, 2010. Taschenbuch. Book Condition: Neu. 220x150x9 mm. Neuware - Inflammation is one of the biggest challenges in current medicine. Glucocorticoid-based therapy is still the most commonly used treatment to combat chronic and acute inflammation. However, as this treatment is burdened with a detrimental side effect profile and the occurrence of glucocorticoid resistance, research efforts are focused on characterizing the anti-inflammatory mechanisms of glucocorticoids and developing new therapeutic strategies to fight inflammation. In this book,...

Reviews

A must buy book if you need to adding benefit. It really is writter in easy terms instead of difficult to understand. I found out this ebook from my dad and i advised this publication to find out.

-- Prof. Elton Gibson I

The best publication i actually study. I actually have study and so i am confident that i am going to likely to study once more yet again later on. You will not sense monotony at at any moment of your respective time (that's what catalogs are for relating to if you ask me).

-- Ernest Bergnaum
