The influence of the Universal World Teacher in the figure of Sri Sathya Sai Baba-a supremely beneficent renewer of moral life and spiritual faith-has already reached the far corners of the Earth. Yet this Avatar, His miracles and teachings, are still a great mystery to even those who are acquainted with Him. Source of the Dream is thoroughly researched and gives an objective appreciation of Sai Babas teachings about spirituality and modern science. Priddy gives an in-depth analysis of Sai Babas miraculous actions and words. He includes investigations he made with the late professor N. Kasturi, Sai Babas official biographer, into how Sai Babas earlier teaching have been written or recorded, edited, translated, published, and authenticated. Some common misunderstandings about interpretation and application of the teachings, and of Babas own words, are discussed. Priddy included color photographs of Sai Baba and some of His miraculous manifestations. Robert Priddy shares his experiences, both subtle and direct, which ultimately led him to a life transformation. He appeals to both devotees and newcomers to Sais teaching, explaining how Sai Baba reaches out to those in need over great distances, and what its like to visit Sai Babas ashram and attend an interview with Him. For devotees, Priddy shares his accounts of Sais emanation of mystery and grace with balanced reflections upon their likely purpose and meaning. This item ships from La Vergne,TN. Paperback.
