

Morphology and Anthropology, Vol. 1: A Handbook for Students (Classic Reprint) (Paperback)

Filesize: 9.47 MB

Reviews

Excellent eBook and helpful one. This can be for all who statte there was not a worthy of studying. You will not feel monotony at at any moment of your respective time (that's what catalogs are for regarding when you request me).
(Princess McCullough)

MORPHOLOGY AND ANTHROPOLOGY, VOL. 1: A HANDBOOK FOR STUDENTS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Morphology and Anthropology, Vol. 1: A Handbook for Students As the Introductory Chapter of this Volume deals with its aim and scope, any further exposition of these would be superfluous here. I hope that the materials thus brought together may prove useful to Students, particularly to those who combine Physical Anthropology with Human Anatomy in preparation for the Cambridge Natural Sciences Tripos. Inasmuch as such students are already familiar with anatomical terms, a general acquaintance with the significance of these has been assumed. I believe the method indicated, however inadequately, herein to be the most profitable for anthropological work on the physical side: and I am convinced that upon some such basis only, can Physical Anthropology justify its claim to an independent place among the biological sciences. The subject is now perfectly well defined, and possesses so extensive a literature, that even a cursory review like the present volume has assumed proportions for which I must offer an apology. Several departments of the subject (and particularly Anthropometry) have merely been sketched in outline. A certain amount of repetition will be noticed, but is justifiable in view of the greater completeness conferred upon successive sections of the book. Most of the illustrations have been prepared by myself, in many instances from the original specimens or preparations. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
