Reviews

This book is definitely worth getting. It usually will not price too much. Its been printed in an extremely simple way in fact it is only right after i finished reading this publication where basically altered me, modify the way i think.

(Avery Daugherty)

ALBION'S GLORIOUS ILE, 4 VOLS.

Unicorn Press Jul 2016, 2016. Taschenbuch. Book Condition: Neu. Neuware - These beautifully-produced colouring books present over four volumes, thirty county maps of England and Wales. The maps were produced in the early 17th century by the cartographic engraver William Hole to accompany the vast landscape poem Poly-Olbion by Michael Drayton, one of the most famous poets of his age. Arguably the strangest maps of Britain ever designed, they depict the familiar rolling countryside as a playful fairyland, bustling with otherworldly beings. Every topographical feature is anthropomorphised, a form of depiction known as prosopopeia: hills are represented as stout country gentlemen, rivers as water nymphs, forests as elegant huntresses. The poetry and maps of Poly-Olbion came out of the Renaissance vogue for chorography, the art of describing place, and together they provide one of the most detailed overviews of the rich landscape, history, and legends of Early Modern England and Wales. This is a colouring book to keep and treasure as a complex, endlessly rewarding work of art. Englisch.
