The path of the shadow along the earth was not out of place by more than one or two miles. But, small though these deviations are, they show that something is wrong, and no one has as yet found out what it is. Worse yet, the deviation will in all likelihood go on increasing rapidly. The mathematical problems involved are of such complexity that it is only now and then that a mathematician tarns up anywhere in the world who is both able and bold enough to attack them.
