aPress, United States, 2003. Paperback. Book Condition: New. 234 x 181 mm. Language: English . Brand New Book ***** Print on Demand *****. is a wonderful enabling technology that allows developers to create business solutions much more effectively than ever before. However, there is room for improvement. Developers often do not see the potholes and pitfalls related to this technology until they stumble. Real World Best Practices helps readers to avoid just such frustrations. The book s in-depth coverage includes data handling, caching, JavaScript, user and server controls, distributed programming, configuration, and deployment. Real World Best Practices goes far beyond the documentation to teach development best practices based on the authors real-world experience. The book s emphasis is on helping developers perform tasks correctly and avoid mistakes, not on teaching in general. Softcover reprint of the original 1st ed.
